

A Solenis Company

March 18, 2024

Re: Integration of Diversey into Solenis Business Systems – Revised Dates

Dear Valued Supplier

As previously announced, Solenis completed its acquisition of Diversey Holdings, Ltd. on July 5, 2023. The combined company now serves a diverse range of industries around the world, including consumer, industrial, institutional, food and beverage, and pool and spa water markets.

Since the deal closed, the Solenis and Diversey teams have been working hard to integrate our business systems, taking steps to make this as transparent and seamless as possible. We are targeting to conclude this work in the first half of 2024. Until that time, we will continue with business as usual.

The Diversey email domain (@diverse.com) will be replaced by the Solenis email domain (@solenis.com) starting January 2024. This means that **the e-mail addresses you are using to send your invoices as well as your Accounts Payable queries will change**. Please ensure that your customer master data are updated to reflect the e-mail addresses listed in the appendix.

We have determined that our ERP system cut over will be May 6. Therefore, a blackout period will be in place from April 29 through May 5 - coming back online May 6 at 8:00 a.m. local time. In the meantime, please review the attached critical information required to facilitate your system changes. Please share this guide with the appropriate personnel in your organization.

At Solenis, we understand that our success depends on our suppliers. Our employees take great pride in the service and solutions we provide to our customers and suppliers. We will do all that we can to ensure a smooth transition to the new combined business.

This letter and the attached FAQs will be posted to [solenis.com](https://www.solenis.com) for future reference. Please reach out to your Solenis or Diversey procurement representative with questions.

We look forward to continuing our valued relationship with you and your company.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Key".

Dan Key
Chief Operating Officer

As we continue to prepare for the combination of the Diversey business with Solenis, we remain committed to ensuring a seamless and transparent transition. This guide is intended to provide you with key information to help you understand all the details required to facilitate your system changes. Please contact your procurement contact with questions.

Prepare for Change

Should we do anything to prepare for these changes?

There are two ways you can help ensure a smooth transition.

- 1) Communicate these changes to people who “need to know” within your organization. You may use this FAQ as a guide.
- 2) Planning today will alleviate surprise interruptions later. Please work with your Diversey Supply Planning Counter Part to ensure that the Diversey locations have adequate product and service supply immediately prior to the blackout period.

Blackout Period

Solenis will implement a “**blackout period**” for all Diversey business and production facilities.

This “blackout period” is necessary to allow us to migrate the Diversey business to the Solenis ERP systems. There will be very limited operations during this period.

This blackout period does not apply to existing Solenis plant operations.

Global Corporate Office Location

The global corporate office location for Solenis is:

Solenis
2475 Pinnacle Drive
Wilmington, Delaware U.S.A
19803

Legal Entities

Will there be any legal entities change?

No. As part of the business transfer, all legal entities will remain the same resulting in very few changes.

Key Changes

What can I expect to change?

Please make these updates in your system.

- Sourcing / Procurement contacts
- Accounts payable contacts
 - E-mail addresses for invoices
 - E-mail addresses for AP queries
- Webpages (domain will be solenis.com - example: <https://solenis.com/en/>)
- Email addresses for employees (will end with @solenis.com)

Diversey Locations

What sites are affected and will my delivery location change?

Current Diversey delivery locations will remain the same. Over time, signage will change to Diversey – A Solenis Company

Procurement / Supply Planning Contacts

Will my Purchasing / Supply planning contact change?

Although we will strive to minimize changes, your contact person might change. Please continue to use your current contact or direct your purchasing / procurement / sourcing questions to the email addresses below.

Who are my contacts in Solenis Global Sourcing?

Group	Group Inbox Email Address
NA Raw Materials	solenisnaprourement@solenis.com
NA Indirect	NA_IndirectProcurement@Solenis.com
EMEA Raw Materials	EMEADirectProcurement@solenis.com
EMEA Indirect	EMEAIIndirectPurchasing@solenis.com
LATAM Raw Materials	DirectsLAPO@Solenis.com
LATAM Indirect	Indirects-LAPO@solenis.com
APAC Indirect Materials	AAPCIndirectProcurement@solenis.com
APAC Raw Materials	AAPCDirectProcurement@solenis.com
MEAI Indirect Materials	IndirectProcurementMEAIR@solenis.com
MEAI Raw Materials	DirectProcurementMEAIR@solenis.com

Procurement Process

What is the process for Direct or Raw material procurement?

Solenis/Diversey will purchase raw materials by issuing purchase orders to suppliers, via e-mail or fax. Like Diversey, SAP is the enterprise resource management system and so your experience should be quite similar. If your company currently receives purchase orders through an EDI process, this will be maintained.

What is the process for procurement of indirect goods and/or services?

Solenis/Diversey purchases Indirect goods and services by a variety of methods:

- **Purchase Order:** this is the standard purchase method
- **Corporate credit card:** Utilized for travel, entertainment, and low-value non-inventoried goods and services. This is the preferred purchase method where feasible.
- **Candex:** Low value and/or one-off purchase of non-inventory goods and services may also be ordered via Candex. In this case you will receive a PO from Candex on behalf of Diversey and with a Diversey delivery address/contact.

What about open Purchase Orders following the blackout period?

Open Purchase Orders will be transferred to the new system, but this will generate new PO numbers for the open orders. Your Diversey contact will inform you about the new PO number replacing the old one so you can add it to your invoices.

Required Documentation

Certificate of Analysis (COA) - as we will be implementing a full Quality Management and Batch Traceability solution in all plants and warehouses, it is essential that a certificate of analysis is available at the time of goods receipt in order for the material to be accepted into stock. The COA must contain the information in the example attached.

- "CoA (for **chemical** contract manufacturer's only) needs to be sent to a global email box when goods are dispatched so that it is available for an automated BOT program to read when the Goods are received into a warehouse.
- The BOT program is looking for SKU code & batch number. We also want a clear description and manufacture date on the CoA.
- The BOT then cycles through all the CoA's sitting in this global mailbox and if it finds a "match" with the GR in the warehouse, then the batch number gets populated in SAP. It is only at that point that the stock is moved in SAP from QI into unrestricted and can then be used to fulfill orders."
- Global Mailbox: QMCoA@Solenis.com

Country of Origin - a statement "Country of Origin: [name of country]" must be added to the packing slip or similar delivery document that accompanies the physical goods. This does not replace or alter existing practices to fulfil local requirements, such as providing certificates of origin etc.

The Country of Origin refers to the country of manufacture, production or growth where a material comes from. Please note the shipment origin *may not be the same* as the Country of Origin; shipping a product through another country does not result in a change of origin. Even minimally processing a material in a country does not change the origin. For example, a material that is diluted, repackaged, or renamed does not take on the origin of where those processes occurred; Country of Origin would remain that of the raw material.

True manufacture of raw materials into a finished good generally does affect the Country of Origin; the processing must bring about “substantial transformation” of the inputs into a new material with character and use distinct from that of the component materials. The most accepted evidence of substantial transformation is a change in tariff classification, where the raw materials are changed in a way that produces an entirely new product that is classified under a different tariff or commodity code.

If you have any questions about the Country of Origin of the materials you sell or ship to Solenis, please consult with your broker, freight forwarder or legal counsel.

For questions for Solenis, please email Solenis Global Trade Compliance at NAGlobalTradeCompliance@solenis.com and include the words “Country of Origin” in the subject line.

U.S. Supplier W-9 Form Requirements

Suppliers to Diversey, Inc U.S. are required to provide Solenis a completed IRS Form W-9, Request for Taxpayer Identification Number and Certification.

Each new supplier that will supply to Solenis in the U.S. must provide a signed and completed Form W-9 to the following email address solenisnaprocedure@solenis.com

No action is required for existing Solenis U.S. suppliers.

Billing and Invoicing

In order to ensure a high standard in our processing of supplier invoices, Diversey requires from all our vendors that they issue invoices according to the guidelines below. Please make sure you update your customer master data accordingly.

Invoices for orders made by Diversey must adhere to the following:

- The legal name of the Diversey entity must be stated in the bill-to section per **Appendix A**
- Always state a **valid PO** number (No PO - No Payment)
- In the format of **original pdf**
- Emailed directly to dedicated Diversey inbox as shown per **Appendix B**
- Supplier contact data (company name, address, e-mail, and phone number)
- Supplier Tax registration number (VAT/GST/ABN/TIN etc)
- Invoice number, date of invoice
- Supplier bank details (including IBAN and SWIFT numbers)
- Tax % and amount stated separately
- Invoice currency
- Diversey VAT/GST/ABN/TIN number (referenced on the Purchase Order)
- Credit notes must reference the original invoice number and the Purchase Order number
- Invoices must contain only one purchase order number per invoice
