## Frequently Asked Questions (FAQ)

How does this transaction affect us as a supplier?

Effective on the date of close, orders will be placed by the Solenis legal entities.

As noted above, you will need to change certain information in your system with effect from Day 1, to ensure error-free and timely invoice processing.

Should we do anything to prepare for these changes?

There are two ways that you can help ensure a smooth transition from BASF to Solenis:

1. Communicate these changes to people who “need to know” within your organization. You may use this communication as a guide.
2. Planning today will alleviate surprise interruptions later. Please work with your BASF Paper and Water Chemicals business plant customers to ensure that the BASF Paper and Water Business plants have adequate product and service supply immediately prior to the combination of the BASF and Solenis businesses.

Will the BASF legal entities change?

Yes. As part of the business transfer, all legal entities will change from BASF to Solenis. Please refer to Appendix 2 for the new legal entities' information.

When will these changes take effect and when should we make these changes in our system?

These changes will be in place on Day One. As a result, you will need to plan for these changes according to your system needs. We will send another communication closer to Day One to confirm timing.

What is Solenis' global corporate office location?

Solenis' global corporate office location is:

Solenis LLC  
3 Beaver Valley Rd  
Suite 500  
Wilmington DE 19803  
USA

#### Which BASF plant sites will be affected by this transaction?

The following BASF plant sites will become in part or solely occupied by Solenis after Day One.

- Bradford, U.K.
- Grimsby, U.K.
- Altamira, Mexico
- Suffolk, VA, USA
- Ankleshwar, India
- Kwinana, Australia

Consequently, if your company, at any of these sites, provides goods and/or services to BASF Paper and Water Chemicals operations that transfer to Solenis and operations that remain with BASF your company will need to ensure that it supplies and invoices BASF and Solenis separately from closing onwards.

#### How will Solenis purchase raw materials from my company?

Solenis purchases raw materials by issuing purchase orders to suppliers, via email or fax. Like BASF, SAP is our enterprise resource management system and so your experience should be quite similar.

If your company currently receives purchase orders from BASF via an EDI process, please note that this process will not be in place when the transaction closes. Solenis may establish EDI post-close if it is mutually commercially beneficial.

#### How will Solenis purchase Indirect goods and/or services from my company?

Solenis purchases Indirect goods and services by a variety of methods:

- Purchase Order: this is the standard purchase method
- Corporate credit card: Utilized for travel, entertainment, and low-value non-inventoried goods and services. This is the preferred purchase method where feasible.
- Non-purchase order: Utilized for complex/confidential goods and services and is the exception to the rule.

#### Will my Purchasing contact change?

Although we will strive to minimize changes, your contact person might change. Please direct your purchasing / procurement / sourcing questions to the email addresses below.

#### Will my delivery location change?

No. Current Solenis and BASF plant locations will remain the same. Signage will change for plants moving to the Solenis organization.

#### What can I expect to change?

The following information will change due to legal entity changes. Please make these updates in your system.

- Sourcing / Procurement contacts
- Names of customers (i.e. Solenis legal entities rather than BASF legal entities)
- Bank accounts (i.e. Solenis legal entity bank account information, for future refunds or credit notes to Solenis)
- Tax codes, including VAT codes
- Accounts payable contacts
- Webpages (will contain solenis.com - example: <https://solenis.com/en/>)
- Email addresses for employees (will end with @solenis.com)

#### Where can I find the new remit-to addresses and tax ID numbers for Solenis?

See Appendices 1 and 2 to this communication.

What if I am an EDI supplier?

If your company invoices BASF via an Electronic Data Interchange (EDI) process, please note that this functionality will not be in place when the transaction closes. As a result, please follow the billing and invoice information process as highlighted in this document. Solenis anticipates implementation of EDI following the close of the transaction. We will advise in this regard.

## Solenis U.S. Supplier W-9 Form Requirements

## Open Purchase Orders from BASF on Day One

Solenis will be issuing new purchase orders to all vendors for goods and services. To the extent that goods and services on an open PO from BASF have been delivered prior to Day One, suppliers should invoice BASF for those goods and services.

To the extent that goods and services on an open PO from BASF have not been delivered prior to Day One, Solenis will re-issue the purchase order, with delivery and invoice to be made to Solenis.
