Designed for

- Food & beverage production facilities
- Kitchens & restaurants
- Contract catering
- Retail
- Education & government
- Healthcare
- Building service contractors
- Hospitality
- Contract catering

Floor Squeegees

Professional Hygienic Cleaning Tools

Diversey squeegees are solid and long-lasting and can be used for different cleaning tasks. Once the rubber is worn out it is easily replaced.

Floor Squeegee

Hygienic squeegees for standard tasks can be used on all types of floors. They are colour coded for segregation and HACCP.

Floor Squeegee Swivel

The food approved squeegee is white and available in 3 sizes. The double-blade, non-porous rubber design of this squeegee is effective in removing water and therefore recommended for areas where hygiene and effective removal of water are required. The revolving neck is useful for small or cluttered production areas. It reaches comfortably underneath low lying equipment. They can be used for all types of surfaces (tiles, epoxy, cement).

Squeegee Rubbers

Different sizes, replaceable, food approved rubbers are also colour coded for segregation and HACCP.

Product Code	Description	Dimension (mm)	Material & Thickness	Pack Size	Colour
