A blend of fruits and berries
embodied in blossoming
garden

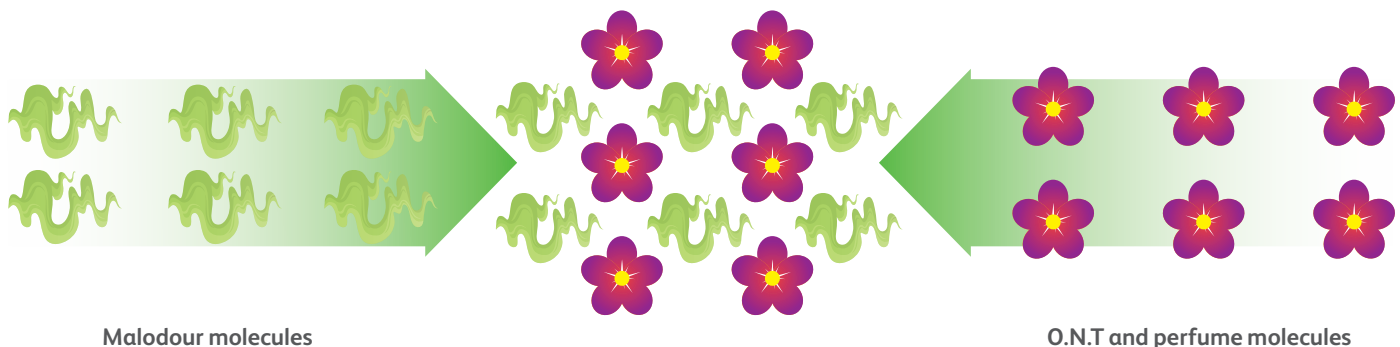

Good Sense Floral
Aromatic floral fragrance
of fresh sweet pea flower
bouquet

Odour Neutralising Technology

All products contain Diversey's Odour Neutralising Technology (O.N.T) for effective malodour removal. While conventional deodorisers only perfume the air by masking malodours, the active ingredients of O.N.T get to the source of the malodour and chemically neutralises them for long lasting effects.

Malodour molecules

O.N.T and perfume molecules

Aerosol air fresheners and odour neutralisers (300ml)

Good Sense aerosol sprays have been developed to solve the day to day odour problems at any site. Through instant action, they have been tested to meet the highest air control expectations of all commercial, industrial and institutional users.

Easy, convenient and safe to use, Good Sense aerosol sprays are the ideal solution to effectively solve odour problems in areas such as public areas, bars, hotel bedrooms, restaurants, offices, washrooms, etc.

Conventional technology

New compressed technology

New compressed technology!!

The new **compressed technology** in our 300ml aerosol cans allow the reduction of packaging material and improves sustainability. Less metal and less propellant is used in the cans and less space and weight is required for transport.

The new 300ml can gives you the same volume and coverage of a 500ml traditional aerosol (including our old Good Sense aerosol range) due to the increased level of fragrance in a smaller can.

Good Sense Automatic Dispenser

Good Sense Automatic Dispenser is a system which automatically sprays high quality air care products via one convenient dispenser.

All our products neutralise malodours and perfume the air for up to 56 days without the need for any maintenance at all.

The system consists of a compact, modern automatic battery operated and easy to install dispenser. The refill cartridges contain super concentrated fragrances, providing a long lasting freshness in the area where used.

Cartridges can be changed within seconds, saving important time. Easy and safe to use, Good Sense Automatic Dispenser is the ideal solution to effectively solve malodour problems by leaving a constant pleasant fragrance. The spray frequency can be adjusted to your location and needs!

Highly perfumed daily cleaner & air freshener

Good Sense Cleaners are highly perfumed daily general purpose and odour neutralising cleaners for all water-resistant hard surfaces such as natural and artificial stone, ceramic tiles, synthetic surfaces, mirrors, porcelain and enamel.

The high level of perfume provides a long-lasting deodorising effect. All products are pH-neutral in-use and deliver excellent streak-free cleaning results.

Products to enhance & complement the indoor ambience

Good Sense Fresh

Room and fabric freshener with Odour Neutralising Technology. Safe to use on carpets and upholstery. Leaves long-lasting fresh fragrance.

Good Sense 30 Days

Easy to use, maintenance free Good Sense 30 Days are no-fuss air fresheners that can be used anywhere odours are present.

They come with a sticky back so can be fixed easily onto doors or walls.

The scented green apple odour control pads (and refills) gently freshen the air with airflow from the movement of the doors for up to 30 days without the need for batteries.

Good Sense Solo & Nomad Aroma Diffuser

Good Sense Solo is a gel odour neutraliser that takes advantage of the displacement of air from air conditioning systems to convey neutralising agents, leaving a fresh, clean scent. Ideal for rooms of 30-50 square meters.

Good Sense Nomad Aroma Diffuser is a simple, easy to use device that accelerates & enhances air care with its unique patented gel barrette technology.

It provides versatility with a modern plug & play concept, thanks to its safe and efficient gel technology which discreetly provides continuous airflow and removes even the toughest malodours such as food smells in 30 minutes.

It has the option of between 1- 3 barrettes depending on the size of the environment.

Good Sense Breakdown

Good Sense Breakdown is a highly effective odour eliminator formulated with natural bacteria cultures, odour counteractants, and a pleasant fresh fragrance. It removes malodours at source thanks to the patented Odour Neutralising Technology (O.N.T) and leaves the area smelling great with long lasting freshness. Good Sense Breakdown is an ideal problem solver for a wide variety of areas including washrooms, drains, bins etc and is also suitable for use in extraction cleaners to freshen carpets.

Diversey's mission is to protect and care for people through leading hygiene, infection prevention, and cleaning solutions. We develop and deliver innovative products, services, and technologies that save lives and protect our environment. Over the course of 95 years, the Diversey brand has become synonymous with product quality, service, and innovation.
